

Corporate Prescription Safety Glass Program

VS Eyewear's Corporate Program offers flexibility for customization, recognizing diverse corporate needs. To tailor a plan, interested parties are encouraged to complete a Corporate questionnaire for personalized solutions benefiting both the company and its employees. We can provide access to past portals and sample forms.

Our Corporate Program includes four packages, each sharing key features: the option for HR/Purchasing or employees to place orders; free shipping with provided account (UPS or FedEx) or a \$10 flat fee; and flexible billing options: either Net 30 with check, credit card or ACH payments billed at the end of the month, or with each individual pair of glasses shipped.
