

NEW LENSES FOR YOUR FRAME

**FILL THE
FORM BELOW**

**SEND US
YOUR FRAME**

**WE'LL MAKE YOUR
NEW LENSES**

**DELIVERED TO
YOUR DOOR**

INSTRUCTIONS:

1. Add your frame, lens, and prescription information to the order form
2. Make sure you select if you want us to send you a prepaid shipping label for \$15.00 or you will be sending back on your own. If you choose to ship back on your own, we recommend getting tracking information. If you do choose for us to send you a label we will email it when we see the order. It is not an automatic process.
3. Send your frame to us and we will get the glasses made up with brand new lenses with your prescription. Package the frame well! For full frames, Don't send any case, old lenses or accessories with the frames. We cannot guarantee, you will receive them back.
4. Include your order and a copy of the Doctor Rx
5. Make sure you either mark on the lenses or write on the order form your Pupil Distance (PD) and Segment Height if you have Progressive bifocal lenses
6. Visit our Help & Info Resource center to assist with your measurements
<https://vseyewear.com/prescription-glasses-help-page/>
7. If a frame is broken we will try to make it up with something similar, but we are not responsible for damaging your frames while trying to produce Rx glasses. We will contact you to see if you want to send a new frame or cancel the order for a refund.
8. (NOTE) If ordering **REAL GLASS REPLACEMENT LENSES - All frames** must be Full frames, no Rimless or Semi-Rimless frame styles.
9. (NOTE) If ordering lenses for **Semi-Rimless frames, we will** either need your old lenses or a blank to allow us to trace to make the new lenses.
10. Ship to the following:
